

The UK's Leading Award and Plaque Manufacturer

I am so proud of all that we have achieved here at Gaudio. This can all be credited to the dedicated team we have developed. We have grown from a start-up into the UK's leading bespoke award and plaque manufacturer with every part of the design and manufacturing process under one roof. We are passionate about delivering exceptional service from enquiry to event. I'm excited to see what we can develop for you in the future!

*Adam Hutchinson,  
Managing Director*

## FREE DESIGN SERVICE

Our highly qualified designers will create outstanding awards to fit your brief, brand and budget. We use industry leading software to create stunning 3D designs that never fail to impress. Why not give our free, no obligation design service a go today?

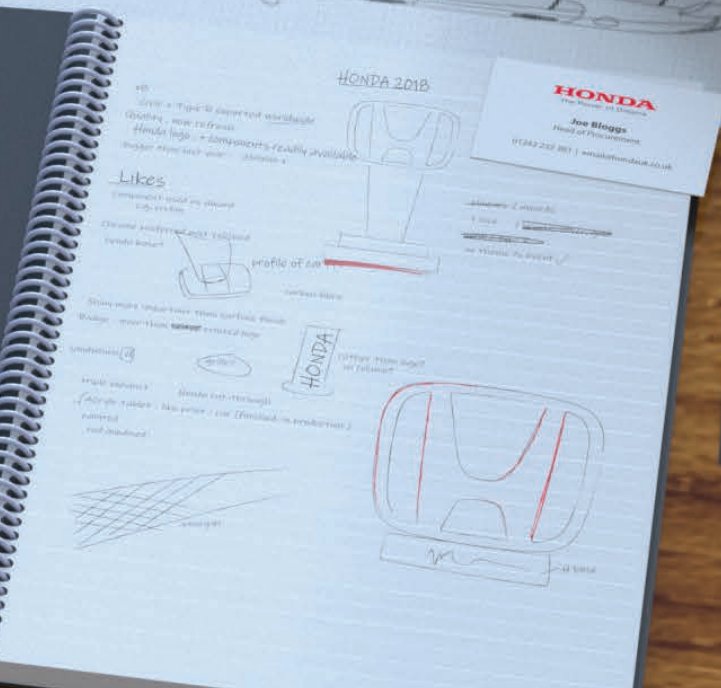

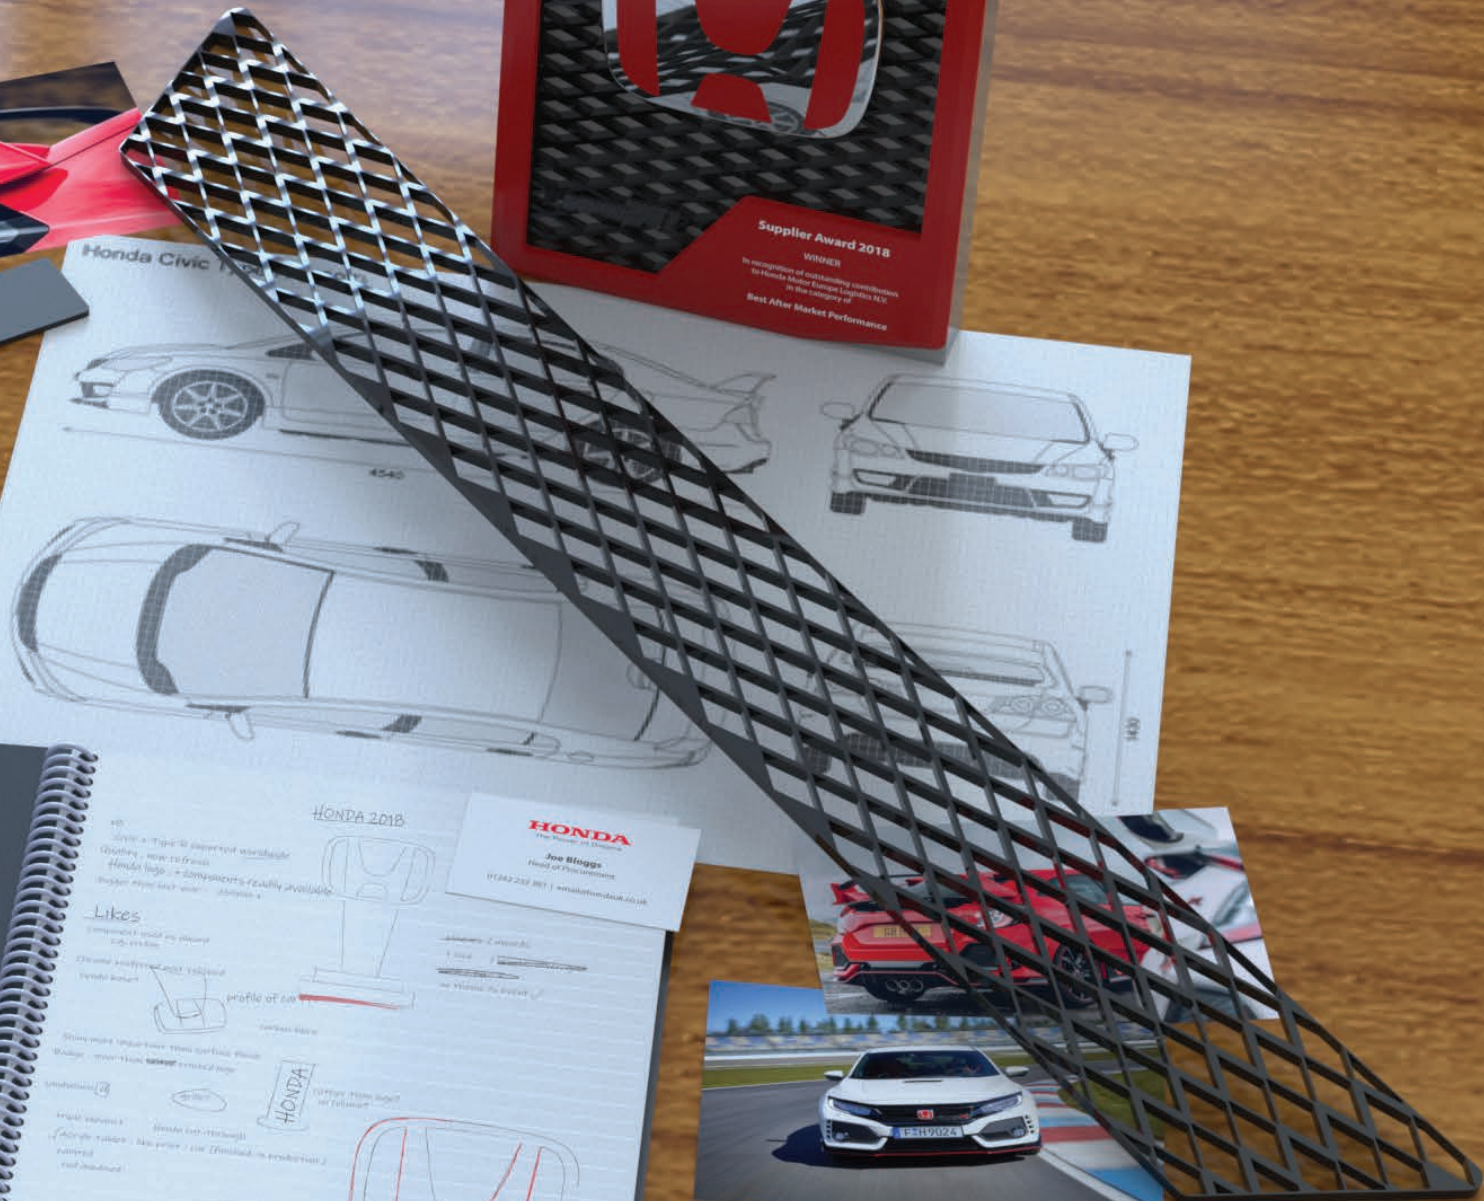

## CUTTING-EDGE MANUFACTURING FACILITIES

Gaudio's manufacturing facilities boast state of the art cutting, printing, and finishing services. Our team of skilled craftsmen are passionate about ensuring every bespoke award we create is manufactured with the care and skill necessary to give it the Wow Factor. Having our production process in-house ensures that we maintain quality and control throughout the entire process.

## UNRIVALLED CUSTOMER SERVICE

Our team are here to listen and guide you through every level of the design and manufacturing process. Some people know exactly what they want. Some prefer guidance at each stage. Our service fits around you and the end results are always the same: outstanding awards delivered on brief, on budget, and on time.

# BESPOKE AWARDS

## ACRYLIC

With an acrylic award, the possibilities are endless. Our top-quality acrylic is extremely versatile and infinitely customisable. We create vibrant designs, crafted to stand out at any event. With a bespoke acrylic award, you're guaranteed a dynamic piece with a premium finish.

## METAL

We use top of the range production facilities and high-quality alloys to create metal awards and trophies in an array of eye-catching shapes, styles and finishes. With industry leading manufacture, we can offer engraving, acrylic detail, and a variety of finishes to bring your design to life.

## 3D

3D awards are the ultimate in bespoke award manufacture. Whether you want to represent your iconic brand, or create something new, our team will manufacture an award that is truly extraordinary.

## SUSTAINABLE

A bespoke award doesn't mean compromising your commitment to the environment. At Gaudio, we understand the importance of a sustainable option. You can expect the same high-quality design and manufacture, made with a range of recycled and sustainable materials.

## CASE STUDY 1: MASTERCHEF

The Masterchef trophies were re-designed by Gaudio's in-house design team several years ago and are now undoubtedly the most iconic and popular trophies we produce. The trophy is created from bespoke CNC machined and polished aluminium in the form of the Masterchef logo on a tiered base.

*"I love the Masterchef trophy because the design is iconic and effective, so the award is immediately recognisable." Giulia Carbonari, Project Manager*

## CASE STUDY 2: AWARDS AWARDS

The Awards Awards ceremony is the only event of its kind, recognising the people behind the best awards ceremonies. The winners trophies feature bespoke stars profiled from polished aluminium with inset coloured acrylic details and a frosted acrylic panel to display the winner's details.

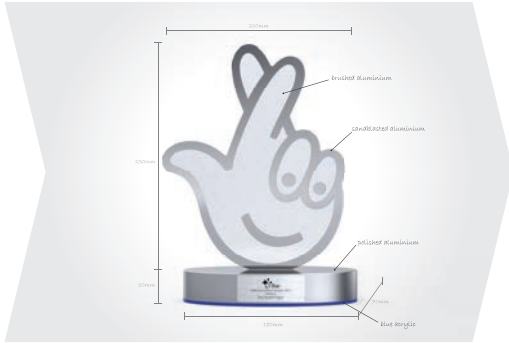

*"Just wanted to say how great the trophies were for the Awards Awards today. You have surpassed yourselves. As always!!!"*

## CASE STUDY 3: NATIONAL LOTTERY

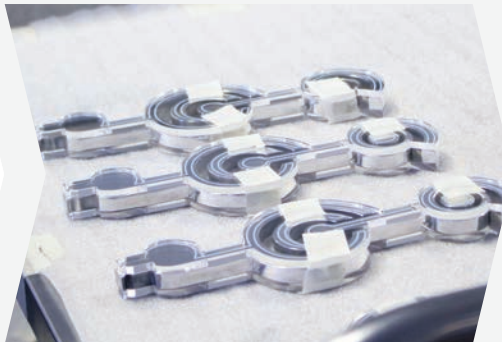

The National Lottery Awards trophy has been manufactured with pride by Gaudio for several years, and is a perfect representation of the National Lottery brand. The trophy features the National Lottery crossed-fingers logo profiled out of brushed aluminium and set on a base with a flash of acrylic detail.

*"We're over the moon with the trophies and plaques, thank you!"*

## CASE STUDY 4: SILVER CLEF AWARDS

The Nordoff Robins Silver Clef Awards are an exciting addition to the calendar at Gaudio, and 2018 called for a contemporary twist on a classic design. The polished aluminium top has a printed acrylic front with glowing neon detail. Sat on a polished base, each award features individual personalisation.

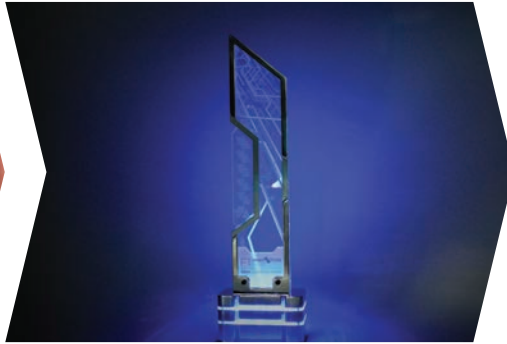

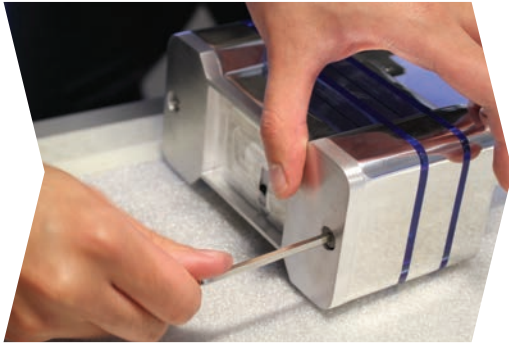

*"Really great customer service from the beginning through to the end & the finished products were perfect!"*

## CASE STUDY 5: F1 INNOVATION PRIZE

This is an award unlike any other. In a competition that challenged fans to revolutionise the Formula 1 viewer experience, the F1 Innovation Prize needed a stand-out trophy. Taking inspiration from the event graphics, the final award has a sleek, digital feel. Lights in the base illuminate the top of the award to give a spectacular finish.

*"Designing this trophy was exciting from start to finish. Watching it go into production was a highlight, for sure, and switching the lights on really pushed it to the next level." – AJ Bismilla, Designer*

## CASE STUDY 6: ONE SHOW NHS PATIENTS AWARDS

Designed exclusively for The One Show on BBC One, the NHS Patients Awards give a big thank you to NHS staff – literally! These trophies feature profiled letters, for a 'Thank You' that will last a lifetime. A matching print made these awards TV-ready, with laser-engraved winners' details.

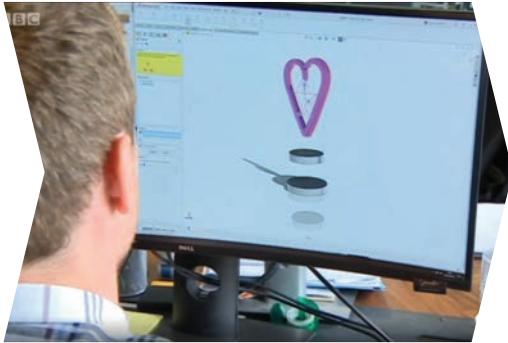

*"We are thrilled with the awards, they are exactly as I envisaged them when we began this project. It was worth all the attention to detail as they are very impressive to give to the winners!"*

## CASE STUDY 7: HENRY BROMBERG MEMORIAL

The Henry Bromberg Award for Perseverance was created in memory of an inspirational boy who raised thousands for charity. The initial designs were created by Henry's classmates and then combined to create a final design featuring a mirror polished aluminium heart with an inset crystal star.

*"Today I visited Deerhurst school to show Jayne the beautiful trophy which she loved. Thanks so much for all of the work which you and the team have put into making it"* Laura Bromberg

## CASE STUDY 8: GO ONE BETTER AWARDS

For a design that's different, look no further than the Go One Better Awards. Developments in 3D-printing technology have led to some exciting design opportunities at Gaudio. The Go One Better Awards display truly stunning detail, with intricate patterns taken straight from the client's branding.

*"Detail like this takes an award to the next level, and you can't beat a smooth paint finish. 3D designs lend themselves to really detailed, free-standing designs, which are guaranteed to stand-out at an event."* - Adam Leeming, Engineering and Systems Development

*They look great, thanks a million.”*

At Gaudio we are passionate about designing and manufacturing outstanding awards and plaques.

# BESPOKE PLAQUES

## DUAL-LAYERED PLAQUES

Our most popular choice for plaques, dual-layered signs are a classic option with a durable finish.

## INTERNAL OR EXTERNAL

From design to delivery, the entire process at Gaudio is tailored to you. Whether your plaque will be mounted inside or outside, we can accommodate from the beginning, without compromising design.

## SPECIALITY PLAQUES

While we have many tried and tested methods of designing and manufacturing plaques, our designers are always excited to create innovative new designs. If you have a personal item you'd like to incorporate into your plaque, we have plenty of experience with adding a personal touch to each design.

## STOCK ORDERS

Like our awards, we're happy to hold stock for you. We can work with you to plan your stock order, and pass on savings on unit cost. This is an ideal option for accreditation or recognition programmes.

## CASE STUDY 1: INVESTORS IN PEOPLE PLAQUES

Investors in People plaques are awarded as a mark of high performance in business and people management. Gaudio produces and distributes thousands of plaques each year to accredited businesses both in the UK and internationally. The design is a dual layered anodised aluminium and printed acrylic plaque.

*"Gaudio have developed and maintained a seamless fulfilment process that has reduced our delivery lead times from weeks to days. We regularly receive very positive feedback about the quality of the products that Gaudio produce."*

## CASE STUDY 2: PEACE FIELDS

The Peace Fields Initiative encourages children to play football by partnering local playing fields with the Flanders Peace Fields. These outdoor plaques are made from a dark oak veneered wood, with an acrylic front. These traditional plaques offer a personalised twist on a classic design.

*"Wooden plaques are timeless, and a personal favourite. The Peace Field plaques look really striking, especially with the white acrylic and colourful print alongside the dark stain on the wood."*

*Matt Macrow, Head of Operations*

### CASE STUDY 3: INCLUSION QUALITY MARK

The Inclusion Quality Mark plaques are awarded to schools that strive to be educationally inclusive. Using colourful acrylics, these plaques are presented to recipients of the tiered certification programme and are suitable for both interior and exterior display.

*"The service from the team at Gaudio Awards from the first phone conversation was professional, efficient and exceptionally helpful in preparing all the awards for our annual presentation. Definitely use this team again."*

### CASE STUDY 4: H2 RECRUITMENT PLAQUE

Perpetual plaques are a great way to celebrate employee achievement. With a brushed aluminium finish accompanied by an acrylic front with bespoke print, perpetual plaques can be designed to suit any office, and monthly name plates are free of charge. UV-printing offers a flexible space for a logo, text or design.

*"Employee recognition should be celebrated, and a perpetual plaque like this can be a really rewarding display piece in an office or a showroom."* Marion Roskelly, Project Manager

# CRYSTAL

## OFF THE SHELF CRYSTAL

Gaudio are a supplier of premium crystal awards and trophies.

Our range of elegant and affordable trophies are a simple, off-the-shelf option. Stylish and professional, we offer awards for any occasion. With crystal awards from Gaudio, you can expect the same exceptional customer service we provide for our bespoke awards. Whether you're ready to order, or need some guidance, our expert team will work with you to find the perfect award.

## ENGRAVING

All of our crystal awards can be personalised. We offer a custom engraving service, for both text and logos. Engraving is ideal for individual customisation of winners' names, awards categories, or company logos. Visit [gaudio.co.uk](http://gaudio.co.uk) to see our full range of crystal awards and trophies. To make an enquiry, call us on 01242 232 383, or email [sales@gaudio.co.uk](mailto:sales@gaudio.co.uk).

## GOT A WINNING IDEA?

If you've got an award in mind, Gaudio can bring it to life. Our friendly team will guide you through the design and manufacturing process, with excellent customer service every step of the way. We're passionate about crafting awards you'll be proud to present.

Every award from Gaudio is assembled by hand at our office and manufacturing space in Tewkesbury. Home to extensive in-house production facilities, we have polishing, laser cutting, machining, engraving and printing capabilities all under one roof.

To make an enquiry, or arrange a visit, please call us on **01242 232 383**, or email [sales@gaudio.co.uk](mailto:sales@gaudio.co.uk).

# 5 SIMPLE STEPS TO PLACING YOUR ORDER

1

## MAKE AN ENQUIRY

Give us your brief using the enquiry form on our website:

The type of award, the quantity, the date of the event and your budget.

SEND US  
YOUR BRIEF  
ONLINE

We'll send you...

2

## ARTWORK & A QUOTE

Our design team will design a range of options and send them over with a quote.

Using the latest software, we'll produce stunning 2D and 3D visuals to give you an accurate image of what your award will look like.

*This service is **FREE** and there is no obligation to place an order.*

If you're happy, you can then...

3

## PLACE YOUR ORDER

We will send you an order confirmation showing exactly what you will be getting, where it will be delivered and when.

When we receive approval, we can then order materials and begin manufacturing your awards.

And then it's time for...

4

## PROOFING

Before we engrave or print anything we will send you a proof of each individual award to show you how it will look.

This is your chance to check for layout problems and spelling mistakes.

Then the final step is...

5

## DELIVERY

We will then ship your awards to you using our next day courier.

For sculptured awards and trophies, we ideally aim for a five or six week lead-time. For all others, this is shortened to four or five weeks. However, if you have a tight deadline, we will do our utmost to meet your requirements.
